Dear Church Members,
My brother, Steve, and I are truly humbled by your donation for charitable care to the PCSC Foundation in memory of our brother, Richard Brinkley. He loved his church family and always felt blessed to serve the Lord through his ministry as church elder and through any capacity where he could help. He worked diligently to

establish a church fund, and was always proud to see his endeavors reach fruition.

May you all be blessed for your generosity in remembering our brother. We also ask for continuing prayers as we navigate the grieving process with the grace of God.

September 14, 2023
Our regards,
Elizabeth English and
Steve Brinkley

Reasons Teens Need a Youth Group/Mission Trips

Teens learn compassion for others.

One of the best parts of these trips is seeing young people grow in compassion and understanding for others from the beginning to the end of the week. These days, the world is full of different opinions and not much understanding for each other. Through the service they perform, teens see the compassion Christ taught and demonstrated in the Bible. Not just for those he was serving, but for his friends, family, and those around him. When Jesus saw Lazarus' friends weeping, he wept alongside them (John 11:33-35). He knew he would conquer death and bring Lazarus back to life, but he still wept with his friends. Jesus commanded us to "Love one another as I have loved you" (John 13:34), and he continuously demonstrated it. One of his most significant acts of compassion was at the cross, when he asked for the crowd to be forgiven. We want participants to grow spiritually and experience Jesus in ways they haven't before through our mission trips. Opening their eyes to others' struggles or learning to forgive themselves for things they didn't want to let go of is part of growing in their faith in Christ.

MISSIONS

Cuban Feminine Project

We are making progress slowly but surely with our pads and storage bags. We would love to have more folks involved. If you can sew a straight line, you could make an easy pleasure storage bag. If you need some instruction on making these reusable pads or just need more supplies, Kitsie will be in the Fellowship Hall between **9 am and 11:30 am** on **Saturday** mornings on the following dates: **October 7, 14, 28, and November 4, 11, 18, and 25**. If another day suits you better, please call **Kitsie** at **803-463-6958**. We love sharing the good vibes we feel when working on this incredible project. Thank you.

CAREGIVERS GROUP

Understanding Which Types of Respite Care is Right for You

The constant demands of caregiving can quickly lead to burnout if you're not careful. **Scheduling time for breaks is essential for maintaining your well-being over the long haul.** Remember, it's a marathon, not a sprint. **'Respite care' means short-term relief for primary caregivers. It can be arranged for just an afternoon or for several days or weeks.**

Care can be provided at home, in a healthcare facility, or at an adult day care center.

Respite care is a natural progression when your loved ones requires assistance with certain tasks and you are no longer able to leave them alone. **Choosing between assisted living and in-home care can be a difficult decision when your parent or spouse needs assistance in their daily life, but it can be a lifeline for those providing care.**

Choosing between assisted living and home care involves many factors, both personal and financial. It's a complex decision and the answer depends on your older adult's specific situation. When getting care, there are three essential factors to consider: how much help they need, key differences between assisted living vs home care, and their financial situation.

1.) Figure out how much help they need.

Before making any decisions, it's necessary to find out how much help your older adult needs and compare that with how much help is already available. **Make a list of everything your older adult needs help with on a daily, weekly, and monthly basis. Being able to see the whole picture helps you choose the correct level of care.** Next, be realistic about how much help you, family, or friends and neighbors will provide. It's important to think about this in terms of long-term, ongoing help – a few weeks or months isn't going to be enough. In some cases, looking at this list makes it obvious that in home care will work best. In other cases, assisted living might be the clear choice.

2.) Understand key differences between in home care, home health, and assisted living.

Before you can choose between in home care and assisted living, it's important to understand how they work. Here are the basics and key pros and cons for each.

Home Care

With in-home care, you typically **hire a caregiver to come into the home to interact with your loved one or assist him/her with activities of daily living.** This enables your older adult to continue living safely at home. The specific help provided depends on the older adult's needs and **could include meal preparation, getting around the house, light housekeeping, transportation, bathing, dressing, using the toilet, companionship, running errands, etc.**

You can hire someone you know or go through a professional company - the choice is yours. The main advantage of using someone you know is a reduced cost. However, benefits of hiring a company is liability coverage in case of an accident, background checks, drug screenings, and training. Consider your situation and what is best for you and your loved one. Keep in mind that Medicare does not pay for home care. Home care options include private pay, Medicaid, long-term care insurance, or veteran's benefits. Rates can vary from \$15 - 35 per hour.

Benefits of home care:

♥ YOU GET A BREAK!

♥ SENIOR GETS **ONE-ON-ONE CARE TAILORED** TO THEIR NEEDS AND PREFERENCES

♥ SENIOR CAN STAY IN THEIR HOME OR A RELATIVE'S HOME AS THEY AGE

♥ COSTS CAN BE LOWER DEPENDING ON HOURS OF CARE NEEDED AND CAREGIVER SKILL LEVEL

♥ FLEXIBILITY IN CARE ARRANGEMENTS: DIFFERENT TYPES OF CARE COULD BE COMBINED TO LOWER COSTS

♥ INCREASE **SOCIAL INTERACTION**
